HONORS COURSES
AUTUMN 2014

Davidson Honors College students may register for most Honors courses using CyberBear. Honors students do not need an override for most Honors courses. To register for an Honors course, you will need the prerequisite and then add it on CyberBear.

Honors students will have priority registration in Honors courses during the first two weeks of registration. Starting November 1, all UM students can register for Honors courses by requesting permission to enroll at the DHC front desk.

There are a few departmental Honors courses that require an override – these courses are marked "consent of instructor required," and you should contact the instructor to obtain permission to enroll.
